

TENSIONERS & IDLERS

"When You Need Precision"

NRB auto
www.nrbauto.ru

OUR HISTORY

Humble Beginnings

'82

The first step was establishing an auto parts retailer shop in Istanbul by **Rafet BULUT**. The shop is established with a capital of **\$15.000** as a small auto parts shop.

Starting Distribution

'94

We started to distribute some auto parts in our retailer shop. Later, we knew the **Turkish market** better and decided to be a **manufacturer**.

Manufacturing

'02

We started **manufacturing** idlers with the name of ABA Automotive and by this move, **ABA Automotive** has born.

New Factory

'10

Our factory is opened in 2010 with **5132 square meter** American architecture. In the same year, we invested on production as well and **doubled** our **production capacity**.

Worldwide Coverage

'18

ABA Automotive has become a **leader** tensioner and pulley **manufacturer** in Europe and Middle Eastern area. We **export** 78 countries in 5 continents. Working with both OE and Aftermarket companies.

NUMBER OF EMPLOYEES

A photograph of two people shaking hands in a business setting, overlaid with a semi-transparent red filter. The hands are the central focus, with one person wearing a dark suit jacket and a striped shirt cuff, and the other wearing a dark suit jacket. In the background, a laptop and some papers are visible on a desk. The word "CUSTOMERS" is written in white, bold, uppercase letters across the center of the image.

CUSTOMERS
