ABOUT US

At NRB Group, we are more than just a trading company; we are your trusted partner in navigating the complexities of international commerce. With numerous years of experience in the industry, we have honed our expertise in the secure import, delivery, and sale of high-quality goods, specializing in automotive parts, textiles, and construction materials.

Our operations are anchored in two key hubs: Istanbul and Dubai. From these strategic locations, we facilitate seamless trade between Turkey, the UAE, and Saudi Arabia. Our mission is to bridge markets and connect businesses with opportunities that drive growth and success.

NRB Group prides itself on its commitment to reliability and security. We understand the intricacies involved in cross-border trading and leverage our deep industry knowledge to offer tailored solutions that meet the unique needs of our clients. Our team of dedicated professionals works closely with your brand to ensure that every transaction is handled with the utmost care and efficiency.

We believe in building lasting relationships through trust and transparency. By partnering with us, you gain access to a network of established connections and a wealth of experience that enables you to expand your market presence with confidence. Our goal is to support your business in achieving its strategic objectives and enhancing its competitive edge in the Middle Eastern market.

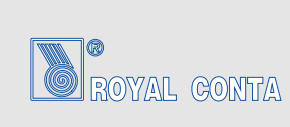

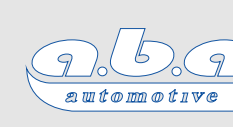

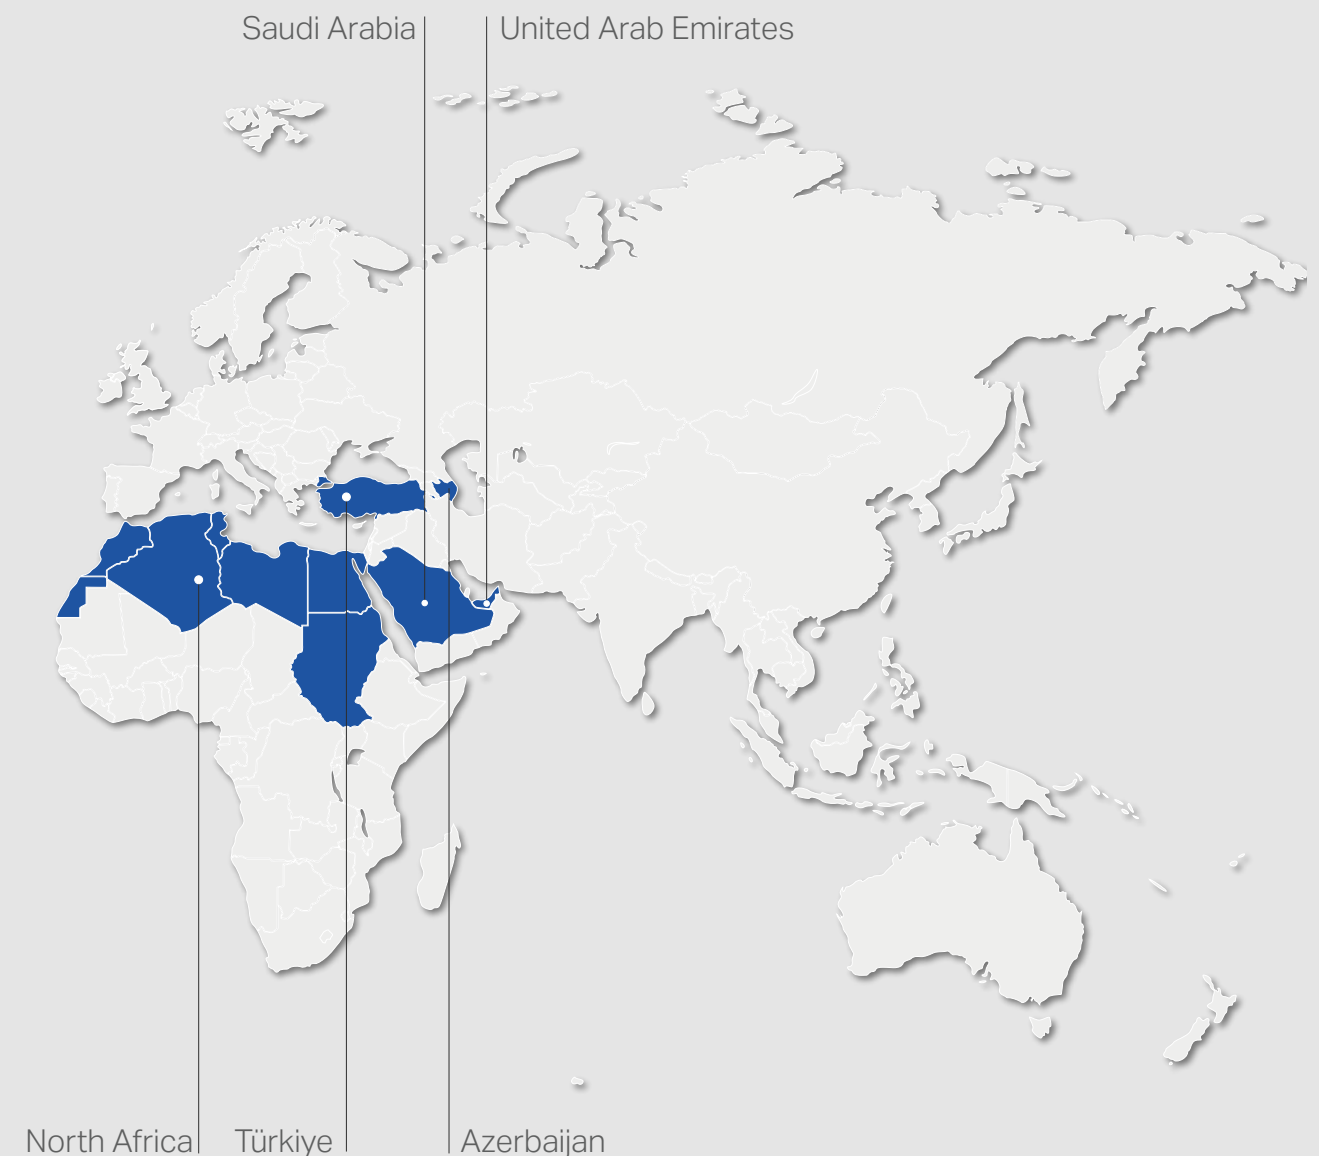

Whether you are looking to enter new markets or streamline your supply chain, NRB Group is here to deliver exceptional value and unmatched service. Let us help you turn opportunities into successes and establish a robust trading presence in the dynamic markets of Turkey, the UAE, and Saudi Arabia.

01

Fuel Tank Caps

Introducing Deckel Auto, a premier manufacturer of high-quality automotive components, proudly crafted in Turkey. We specialize in the production of fuel and radiator caps, AdBlue tank caps, and more, tailored to meet the specific needs of global auto manufacturers. Our range includes options with or without locks and valves, using durable plastic and metal materials to ensure reliability across all vehicle types.

Deckel Auto also provides customized manufacturing solutions for plastic and sheet metal parts based on customer specifications. With a commitment to precision engineering and innovation, Deckel Auto brings world-class products to the international automotive market, serving manufacturers who demand the best in performance and quality.

02

Air Springs AirTech

Fabio Air Suspension Systems, founded in 2004 at Nosab, Bursa, Türkiye, has been a leading manufacturer of air spring parts for 17 years. All operations are conducted in-house, ensuring quality and efficiency. Machine, pressing machine and mold manufacturing Fabio A.Ş. adheres to quality standards and is compliant with ISO/TS 16949 regulations.

03

Tensioner Pulley

ABA Automotive is the biggest Belt Tensioner manufacturer in Turkiye and proudly ranks in TOP 10 worldwide in its field. With a manufacturing capacity of over 2,500 unique engine parts, totalling more than 4 million units annually, their range includes belt tensioners, idler pulleys, timing tensioners & kits, OAPs, tensioner levers, and gears.

Important certifications such as IATF 16949:2016, ISO9001, ISO 14001 and OHSAS 18001 have been awarded to ABA Automotive in its continuing commitment and passion for quality.

04

Belt

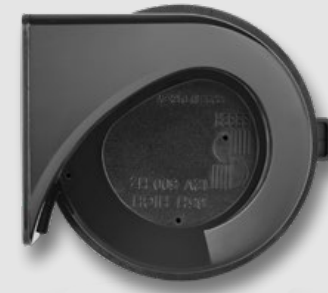

With 40 years of history, ABA Automotive has consistently supplied premium quality products to OEM, OES, and the global aftermarket industry, exporting to 79 countries across 5 continents. ABA Automotive operates 2 manufacturing plants in Tekirdağ, covering a total area of 16,200 m² (4 acres), and employs over 230+ well-trained, valued workers.

05

Horn

Seger, with 100 percent domestic capital, ranks first in Turkey in horn and AVAS (Acoustic Vehicle Alerting System) production, has a global presence in trade by expanding its product range with its bulb and battery group day by day, and today, Seger, with its agreements with important vehicle manufacturers in the world, produces electric and air horns and AVAS has become a brand in its production.

06

Light

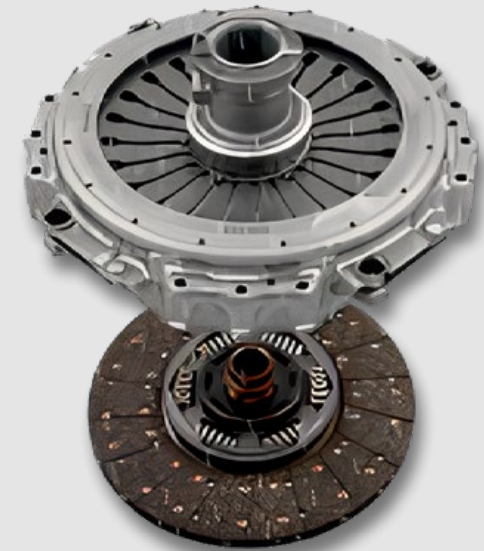

Sejer; Tesla, Renault, MAN, Mercedes-Benz, Dacia, Isuzu, Audi, Volkswagen, Ford, TOGG, Mitsubishi, BMC in heavy vehicles and construction equipment, Karsan, JCB, Iveco, Temsa, Otokar, DAF in tractors and agricultural machinery, Hattat, Çukurova, Tümosan, Türk Traktör, Taral, Bozok Traktör, Hars Traktör, and in the motorcycle group, it supplies the horns of world giants such as Indian Motorcyle, Bigdog, Victory, Polaris. Sejer sells to more than 70 countries in the world, including America, Europe, Africa and Asia.

07

Clutch & Brake Systems

With over 65 years of trade business experience, Weger's journey began in Ankara in 1956. Evolving into the manufacturing industry in Istanbul in 1994, Weger continued to expand their operations. In 2016, Weger relocated to a new factory complex in Çorlu. Their greatest desire is to share the experience and knowledge they have accumulated since 1956 with their customers.

08

Engine Parts

Weger Group is specialized in the production of the following parts for commercial bus & truck applications: SMF Flywheel, DMF Flywheel, Brake Disc & Brake Rotor, Brake Drum, Wheel Hubs, Brake Pad Kit, Ring Gear, Air Compressor Liner & Parts, Clutch Pressure Plate & Machined Parts, Engine Mounting Arm, Pulley & Holter and Project Based Casting And Machining Part.

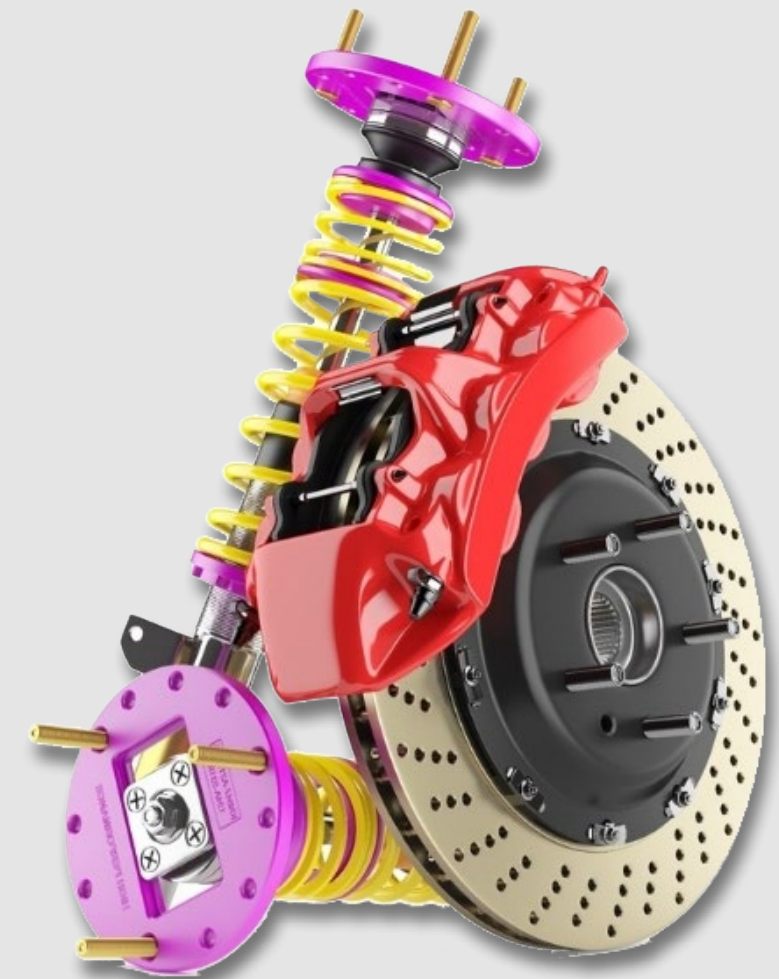

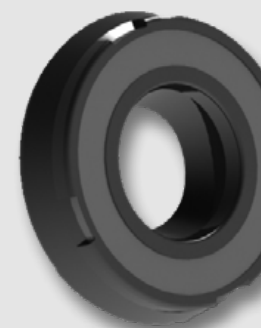

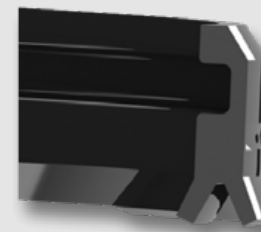

09

Suspension and Break System Seals

After 25 years of professional management experience in commercial vehicle braking systems, shock absorbers and sealing products, Dicherseal was established in 2019.

Founded and managed by Erdi Ceyhan in Bursa, Dicherseal aims to be a partner company for solving sealing needs in global markets. In a short period of time, the company started developing brake systems for commercial vehicles and sealing elements for suspensions with its own mass production.

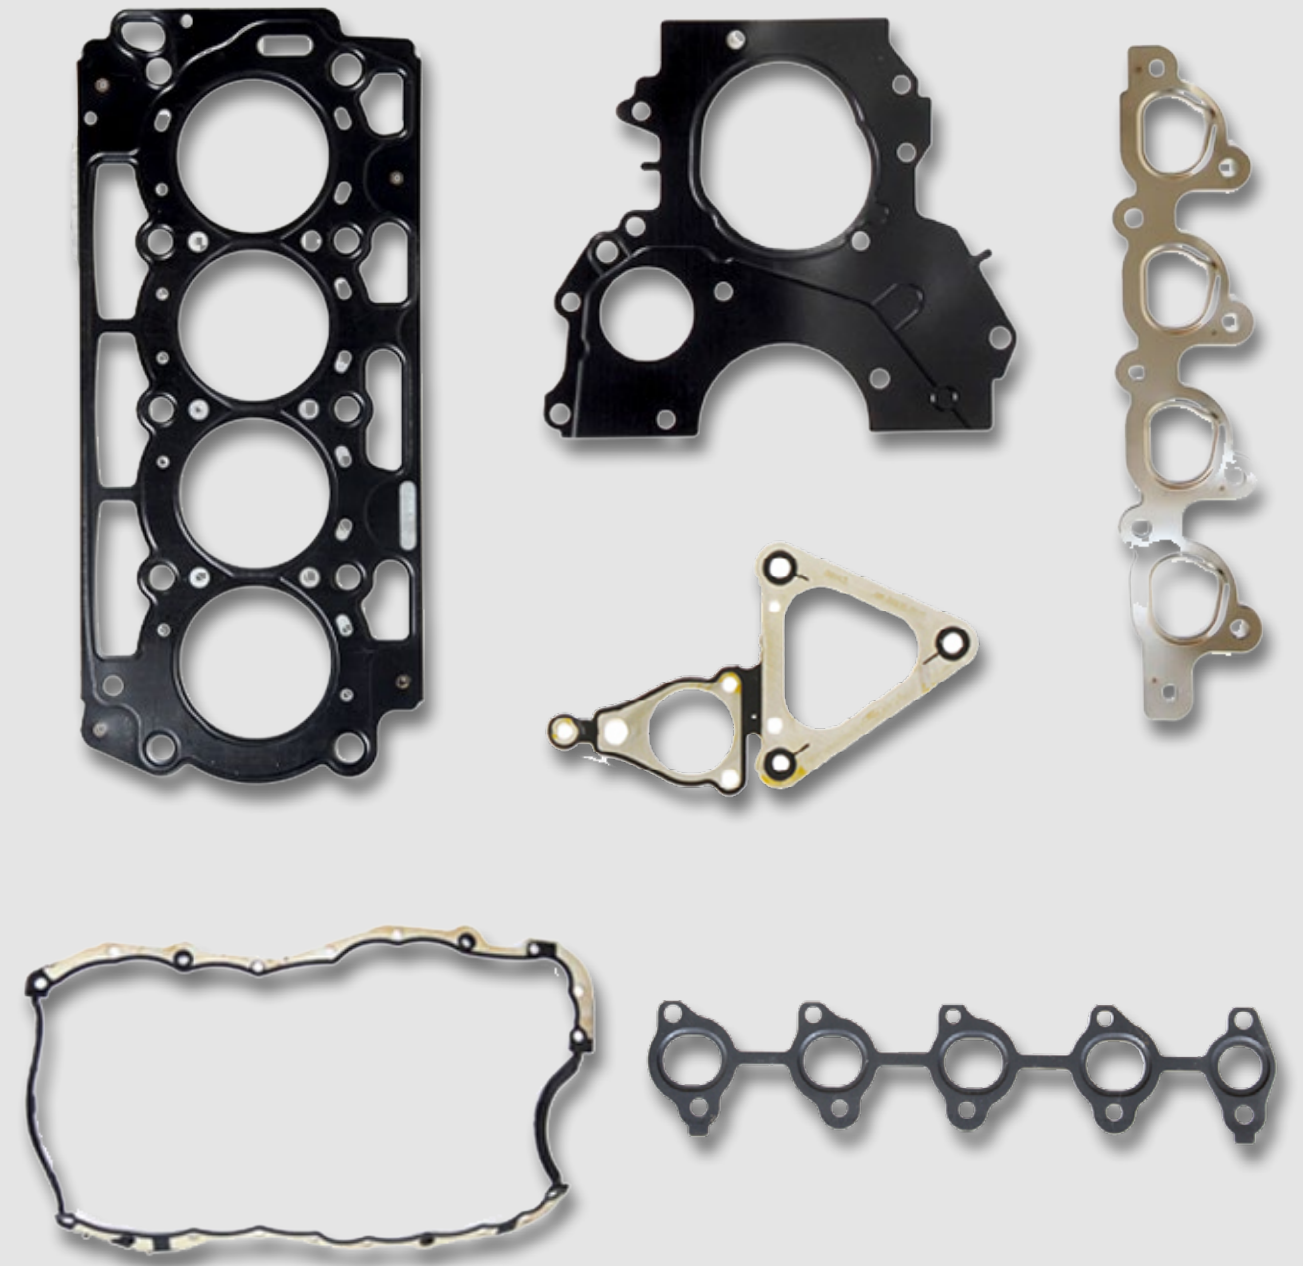

10

Gaskets

Royal Conta began its journey in 1978, establishing its presence in Istanbul, Turkey. By the early 1980s, it had already forged partnerships with car manufacturers (OEMs) such as Fiat and Iveco.

Throughout the late 1980s, Royal Conta expanded its collaborations to include Ford, Renault, and Peugeot in Turkey. Today, alongside these esteemed companies, Royal Conta proudly serves clients such as New Holland, Kia, Lada, Carrier and others in Turkey.
